

## PREVENT PRODUCT RECALLS AND WASTE ■ ■ ■

Ensure that the right code is correctly printed every time

### AUTOMATED MARK & READ SYSTEM

Mark & Read, an automated camera and printer verification software solution, makes sure that the correct code is consistently printed, especially for critical data such as BBE or batch numbers

### ELIMINATE COSTLY PRODUCT SCRAPS OR REWORK

Immediate alert if code is incorrect, preventing lost hours of production printing the wrong code

### NO PRODUCT RECALLS LINKED TO CODE READABILITY

Print quality is systematically scanned and checked even on the most complex production lines, assuring your print quality standards are met

### BRAND PROTECTION

Ensure package design and branding is not altered by a defective code

## TWO LEADERS, ONE INTEGRATED SOLUTION ■ ■ ■

A global partnership delivering the best solution in the market

### TWO SUPPLIERS, ONE PARTNER

Partnering with Cognex, Markem-Imaje offers the only fully integrated, fast and efficient Mark & Read solution

### EASY TO USE ON YOUR PRODUCTION LINE

Daily operation is intuitive, straightforward and easy to use, with total transparency for the operator

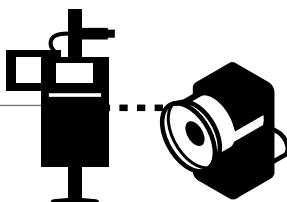

## SCALABLE OPTIONS TO FIT YOUR CODING NEEDS ■ ■ ■

Modular configuration to adjust to YOUR production plant

### STAND ALONE

#### EMBEDDED MARK & READ SOLUTION\*

Job selection for both printer and camera is done on the printer screen, saving time and avoiding costly errors

### SMOOTH INTEGRATION

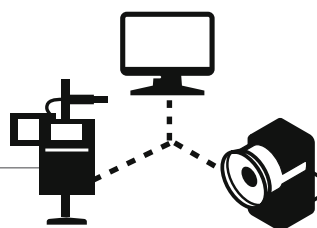

Additional computer not required for camera operation during production

### NETWORKED

#### CoLOS MARK & READ INTEGRATION ON PRODUCTION LINE

Compatible with all Markem-Imaje printers, network printers and cameras with an Ethernet network connected to a central CoLOS PC station to enable operation of multiple production line Mark & Read systems

### EASY JOB SELECTION

Job selection for printer and camera is done in one single operation using CoLOS

### CENTRAL DATA MANAGEMENT

Centrally manage a unique base of messages and link to YOUR enterprise database to retrieve product information

### SECURE DATA INPUT

Job selection with CoLOS is secure, reducing manual input, automating tasks, and coordinating the start of multiple printers for a production batch

## PROVEN SYSTEM INSTALLATIONS WORLDWIDE ■ ■ ■

Thinking global, acting local

### DECADES OF SUCCESS

Highly skilled technical teams are fully proficient in hardware and software implementations

### GLOBAL PRESENCE

Markem-Imaje provides worldwide coverage for multiple installations in multiple geographies

We reserve the right to amend the design and/or specifications of our products without notice.
